## Ask us about

## Costs

- Providing speakers for women's groups and other service providers.
- Arranging cervical screening clinics or health education sessions in your community or workplace.
- Assistance for community organisations with developing health programs for their client groups.
- Training for other professionals in women's health and related issues.
- Sharing our resources
- Student Placements & Training
- Medical consultations and pathology are bulk billed.
- Some procedures may incur a fee. Check with reception when you make a booking
- Counselling, education and support groups are free of charge
- Our naturopathic, acupuncture and massage services are provided at a small fee. As there is a high demand for these services, preference is given to women who are on a low income.
- Yoga, Tai Chi and Meditation: \$5 per class
- No woman will be turned away because she cannot afford to pay.

## Services We offer

- Individual medical consultations for sexual and reproductive health, general health ie heart health assessment, menopause management, preventative screening, mental health and lifestyle management.
- Naturopathic consultations and dispensary, acupuncture and therapeutic massage consultations are offered to pension card holders, students and those on low income.
- Individual counselling for emotional difficulties, anxiety, depression, grief and loss and domestic violence
- Support services for migrant and Aboriginal women.
- Education and support groups for women's emotional, physical and social health issues.
- Regular classes: Yoga, Tai Chi & Meditation
- Information, advice and referral.
- Aboriginal Women's Healing Space.
- Health promotion activities, advocacy and collaboration

## Hello

Welcome to Liverpool Women's Health Centre, a community based service run by women for women. Established in 1975 under a feminist philosophy, we believe every woman has the right to make her own informed decisions about her health and her life. Encompassing both primary and preventative health care initiatives, Liverpool Women's Health Centre delivers quality holistic health services and has helped thousands of women improve their health and wellbeing.

Women of all ages, circumstances and cultures are welcome here
